Standing Committees of the Faculty Assembly

Note: Each faculty member may serve in an elected or appointed capacity on up to three standing committees concurrently (ex officio memberships do not count toward this limit). Faculty members representing programs are selected by their respective programs. If a vacancy occurs on a committee more than 90 days before the end of the term, the BNE (Bylaws, Nominations, and Elections) Committee will provide for a special election within one month to fill the vacancy. Each term lasts two years, and a faculty member may serve no more than two consecutive terms on a particular committee. At least a one-year break must occur before he/she can serve on that committee again. Student members are selected by the Student Government Association, and student terms last one year. A student may serve two consecutive terms.
