----------------------	--------------------	---------------------------	----------------	---	--------------

SCHOOLWIDE REQUIRED MPH COURSES (26 CREDITS)

EPID 6210	Principles of Epidemiology	1 st Fall	3		
BIOS 6100	Biostatistical Methods I	1 st Fall	4		
ENHS 6238	Principles of Environmental Health	1 st Fall	3		
BCHS 6212	Behavioral Sciences Theories	2 nd Fall	3		
HPSM 6268	Health Services Administration & Mgmt	2 nd Fall	3		
PUBH 6221	Foundations and Ethics of Public Health	1 st Fall	1		
PUBH 6216¹	Biologic Basis of Health	1 st Spring	3		
PUBH 6800	Practice Experience	1 st Summer	3		
PUBH 6600	Culminating Experience	2 nd Spring	3		

EPIDEMIOLOGY REQUIRED MPH COURSES (11 CREDITS)

EPID 6211	Intermediate Epidemiology	1 st Spring	3		
EPID 6226	Epidemiologic Design & Analysis	2 nd Fall	3		
BIOS 6102	Biostatistical Methods II	1 st Spring	4		
EPID 6213²	Epidemiology Seminar	2 nd Spring	1		

ELECTIVE COURSES³ (9 CREDITS) At least 6 credits must be in EPID

Comments:

Notes

- Consult the “Epidemiology Handbook” for program requirements and policies.
- Non-Epidemiology or Biostatistics required Core Program courses (HPSM, BCHS, ENHS) may be taken in either first or second fall semester or the summer semesters
- Plan ahead to ensure that required courses, usually offered once a year, will be completed on time to graduate. Elective scheduling may change from year to year. *Some elective courses are offered every other year.*
- See the [Academic Calendar](#) for days/times of classes.
- Students may register for additional electives outside the program and EPID 6400, Independent Study in order to have enough credits for graduation. Consult your advisor whether or not to take electives during your first year.
- Requirements and information subject to change without notice.

Footnotes

¹Required for students without a prior or concurrent clinical degree in nursing, medicine or dentistry

²Students must attend the Epidemiology Seminar for all four semesters of the MPH. Students only register for the course during their last semester of the MPH program.

³Approved Epidemiology Electives (not an exhaustive list):

EPID 6214 - INFECTIOUS DISEASE EPIDEMIOLOGY
EPID 6217 - DATABASE MANAGEMENT
EPID 6218 - SPATIAL ANALYSIS
EPID 6219 - NUTRITIONAL EPIDEMIOLOGY
EPID 6220 - MOLECULAR EPIDEMIOLOGY
EPID 6222 - CANCER EPIDEMIOLOGY
EPID 6223 - CHRONIC DISEASE EPIDEMIOLOGY
EPID 6228 - SURVEY DESIGN
EPID 6301 - EPIDEMIOLOGY OF SEXUALLY TRANSMITTED INFECTIONS AND DISEASES
EPID 6351 - PUBLIC HEALTH SURVEILLANCE SYSTEM THEORY AND METHODS
EPID 6350 - EPIDEMIOLOGY FOR PUBLIC HEALTH PRACTICE
EPID 6352 - SOCIAL EPIDEMIOLOGY
EPID 6362 - ENVIRONMENTAL EPIDEMIOLOGY
EPID 6400 - INDEPENDENT STUDY

⁴Locating a Practicum can take time – start looking in early. Practicum requirements and sites:
