### SCHOOLWIDE REQUIRED MPH COURSES (26 CREDITS)

<b>EPID 6210</b>	Principles of Epidemiology	1 <sup>st</sup> Fall	3		
<b>BIOS 6100</b>	Biostatistical Methods I	1 <sup>st</sup> Fall	4		
<b>ENHS 6238</b>	Principles of Environmental Health	1 <sup>st</sup> Fall	3		
<b>BCHS 6212</b>	Behavioral Sciences Theories	2 <sup>nd</sup> Fall	3		
<b>HPSM 6268</b>	Health Services Administration & Mgmt	2 <sup>nd</sup> Fall	3		
<b>PUBH 6221</b>	Foundations for Public Health Ethics	2 <sup>nd</sup> Spring	1		
<b>EPID 6216<sup>1</sup></b>	Biologic Basis of Health	1 <sup>st</sup> Spring	3		
<b>PUBH 6800</b>	Practice Experience	1 <sup>st</sup> Summer	3		
<b>PUBH 6600</b>	Culminating Experience	2 <sup>nd</sup> Spring	3		

### EPIDEMIOLOGY REQUIRED MPH COURSES (11 CREDITS)

<b>EPID 6211</b>	Intermediate Epidemiology	1 <sup>st</sup> Spring	3		
<b>EPID 6226</b>	Epidemiologic Design & Analysis	2 <sup>nd</sup> Fall	3		
<b>BIOS 6102</b>	Biostatistical Methods II	1 <sup>st</sup> Spring	4		
<b>EPID 6213<sup>2</sup></b>	Epidemiology Seminar	2 <sup>nd</sup> Spring	1		

### ELECTIVE COURSES<sup>3</sup> (9 CREDITS) At least 6 credits must be in EPID

**Comments:**

## Notes

- Consult the “Epidemiology Handbook” for program requirements and policies.
- Plan ahead to ensure that required courses, usually offered once a year, will be completed on time to graduate. Elective scheduling may change from year to year. *Some elective courses are offered every other year.*
- See the [Academic Calendar](#) for days/times of classes.
- Students may register for additional electives outside the program and EPID 6400, Independent Study in order to have enough credits for graduation. Consult your advisor whether or not to take electives during your first year.
- Requirements and information subject to change without notice.

## Footnotes

<sup>1</sup>Required for students without a prior or concurrent clinical degree in nursing, medicine or dentistry

<sup>2</sup>Students must attend the Epidemiology Seminar for all four semesters of the MPH. Students only register for the course during their last semester of the MPH program.

<sup>3</sup>Approved Epidemiology Electives (not an exhaustive list):

EPID 6214 - INFECTIOUS DISEASE EPIDEMIOLOGY  
EPID 6217 - DATABASE MANAGEMENT  
EPID 6218 - SPATIAL ANALYSIS  
EPID 6219 - NUTRITIONAL EPIDEMIOLOGY  
EPID 6220 - MOLECULAR EPIDEMIOLOGY  
EPID 6222 - CANCER EPIDEMIOLOGY  
EPID 6223 - CHRONIC DISEASE EPIDEMIOLOGY  
EPID 6228 - SURVEY DESIGN  
EPID 6301 - EPIDEMIOLOGY OF SEXUALLY TRANSMITTED INFECTIONS AND DISEASES  
EPID 6351 - PUBLIC HEALTH SURVEILLANCE SYSTEM THEORY AND METHODS  
EPID 6350 - EPIDEMIOLOGY FOR PUBLIC HEALTH PRACTICE  
EPID 6352 - SOCIAL EPIDEMIOLOGY  
EPID 6362 - ENVIRONMENTAL EPIDEMIOLOGY  
EPID 6400 - INDEPENDENT STUDY

<sup>4</sup>Locating a Practicum can take time – start looking in early. Practicum requirements and sites: <http://sph.lsuhs.edu/practice-experience>.
