

Letter from the Vice-President

Happy Mardi Gras Season, fellow students!

The month of February is filled with many exciting events across New Orleans. Be sure to take a break from your studies to enjoy a quintessential tradition in the Big Easy. You won't regret joining in on the lavish parades and constant party that permeates the entire city.

As the semester continues on, many of us are beginning to make decisions about what we're doing after graduation, whether that day be a few months away or still a little while. Please take advantage of the gratuitous opportunities Martha Cuccia has provided to prepare us for the transition to the job force. If you are still a while away from graduating, it is truly never too soon to start cleaning up your resume' or getting ready for job interviews. These resources are critical in molding us into our best selves to present to our future employers.

I wish everyone a safe and wonderful month of February!
Saskia Vos
