

§1311. Judicial Review

A. An insurer aggrieved by a final decision pursuant to an administrative hearing under R.S.22:2191 shall be entitled to judicial review in accordance with the applicable provisions of the Louisiana Administrative Procedure Act, R.S. 49:950 et seq.

B. Notwithstanding the provisions of Subsections 1309.A and 1311.A, nothing shall preclude the commissioner from initiating judicial proceedings in conservation, rehabilitation, or liquidation proceedings or any other delinquency proceedings, however designated under the laws of the state, regardless of whether the commissioner has previously initiated any regulatory action against the insurer.

AUTHORITY NOTE: Promulgated in accordance with R.S. 22:2(H).

HISTORICAL NOTE: Promulgated by the Department of Insurance, Office of the Commissioner, LR 39:3304 (December 2013).

§1313. Severability

A. If any Section or provision of Regulation 43 or the application to any person or circumstance is held invalid, such invalidity or determination shall not affect other Sections or provisions or the application of Regulation 43 to any persons or circumstances that can be given effect without the invalid section or provision or application, and for these purposes the Sections and provisions of Regulation 43 and the application to any persons or circumstances are severable.

AUTHORITY NOTE: Promulgated in accordance with R.S. 22:2(H).

HISTORICAL NOTE: Promulgated by the Department of Insurance, Office of the Commissioner, LR 39:3304 (December 2013).

§1315. Effective Date

A. Regulation 43 shall become effective upon final publication in the *Louisiana Register*.

AUTHORITY NOTE: Promulgated in accordance with R.S. 22:2(H).

HISTORICAL NOTE: Promulgated by the Department of Insurance, Office of the Commissioner, LR 39:3304 (December 2013).

James J. Donelon
Commissioner

RULE

Louisiana State University System Louisiana State University Health Sciences Center Louisiana Tumor Registry

Tumor Registry (LAC 48:V.Chapter 85)

Under the authority of Louisiana R.S. 40:1299.80 et seq., and in accordance with the Administrative Procedure Act, R.S. 49:950 et seq., as amended, the President of the Louisiana State University System has amended Chapter 85 to require the electronic transmission of all cancer reports as well as remote electronic access to relevant medical records where available; set a two-month deadline for reporting by non-hospital sources; require hospitals to

identify new diagnoses among those aged less than 20 years old to the registry within one month; allow the registry to publish its annual report electronically on the LTR website only; update the address of the registry; and provide for related matters by supplanting Chapter 85 of Title 48 of the Louisiana Administrative Code in its entirety with the following.

Title 48

PUBLIC HEALTH—GENERAL

Part V. Preventive Health Services

Subpart 31. Louisiana Tumor Registry

Chapter 85. Statewide Tumor Registry Program

§8501. Purpose

A. Louisiana R.S. 40:1299.80 et seq., established a "statewide registry program for reporting cancer cases for the purpose of gathering statistical data to aid in the assessment of cancer incidence, survival rates, possible causes of specific cancers, and other related aspects of cancer in Louisiana." In carrying out this mandate, the Louisiana Tumor Registry collaborates with the National Cancer Institute, the Centers for Disease Control and Prevention, national and international cancer surveillance programs, health care providers and facilities, public health agencies, and research institutions.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2836 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2786 (December 2009), LR 39:3304 (December 2013).

§8502. Background

A. In December 1971, President Richard Nixon signed the National Cancer Act (P.L. 92-218). As a result of this act, the Surveillance, Epidemiology and End Results (SEER) Program, a national cancer surveillance program within the National Cancer Institute, was established. Data on cancer incidence and survival were collected in selected states and regions, beginning with cases diagnosed on January 1, 1973. The importance of cancer registration was subsequently reinforced by the passage of federal legislation in 1992 (Public Law 102-515) establishing the National Program of Cancer Registries within the CDC. Louisiana participates in both cancer surveillance programs.

B. Acts No. 1197 of the 1995 Louisiana Legislative Session clarified the cancer-reporting responsibilities of health care professionals and institutions, provided for intervention in cases of noncompliance, reinforced the confidentiality requirements to protect participants from civil liability, authorized the exchange of cancer incidence data with other states, and provided for related matters.

C. Acts No. 1138 §2 of the 1995 Session transferred the Louisiana Tumor Registry program and the Louisiana Cancer and Lung Trust Fund Board to the Board of Supervisors of the Louisiana State University Agricultural and Mechanical College, to be administered by the Louisiana State University Health Sciences Center at New Orleans.

D. Acts No. 197 of the 2001 Regular Legislative Session replaced "Secretary of the Department of Health and Hospitals" and "Secretary" with "President of the Louisiana State University System, or his designee" or "President" and replaced "office of public health in the Department of Health and Hospitals" with "office of the President." It also mandated the reporting of follow-up information and confirmed the ability of the LTR to release data to qualified researchers and other state cancer registries.

E. Acts No. 225 of the 2003 Regular Legislative Session added benign and borderline tumors of the brain and central nervous system to the reportability list and authorized the LTR to cooperate with other designated national and international cancer surveillance programs.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2836 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2786 (December 2009), LR 39:3304 (December 2013).

§8503. Definitions

Confidential Data—shall include any information that pertains to an individual case, as ordinarily distinguished from group, aggregate, or tabular data. Statistical totals of "0" or "1" may be deemed confidential, case-specific data. Confidential, case-specific data include, but are not limited to, primary or potential personal identifiers. In addition, in research involving data contained in the National Center for Health Statistics database, statistical totals of 5 or less are also deemed confidential data and are suppressed unless prior written consent of all of the affected respondents has been obtained in accordance with 42 U.S.C. §242k(1); 5 U.S.C. §552(a); and <http://www.cdc.gov/nchs/data/misc/staffmanual2004.pdf> (p. 16).

Director—the director of the Louisiana Tumor Registry, who is appointed by the President of the Louisiana State University System.

Health Care Provider—every licensed health care facility and licensed health care provider, as defined in R.S. 40:1299.41(A)(10), in the state of Louisiana, as well as out-of-state facilities and providers that diagnose and/or treat Louisiana residents.

Follow-Up Information—information that is used to document outcome and survival for all types of cancer. The information includes, but is not limited to, patient identifiers, treatment and recurrence, vital status, and date of last contact. If the patient is deceased, date of death and causes of death are included.

Louisiana Tumor Registry/LTR—the program in Louisiana State University System that administers a population-based statewide cancer registry.

Regional Tumor Registry—an organization that is contracted with the Louisiana Tumor Registry (LTR) to provide in its region such services as: screening all possible sources to identify reportable cases, abstracting required information on all reportable cases, obtaining current follow-up information, editing data, performing quality assurance

programs, training personnel from hospitals and other reporting facilities, and furnishing electronic records of acceptable quality to the LTR from all medical facilities and health care providers in the parishes assigned to that region.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2836 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2787 (December 2009), LR 39:3305 (December 2013).

§8505. Responsibilities of Health Care Facilities and Providers

A. All hospitals, pathology laboratories, radiation centers, physicians, nursing homes, hospices, other licensed health care facilities and providers as defined in R.S. 40:1299.41(A)(10) shall report all reportable cases (see §8507.A) to the LTR, a public health authority. In addition, they shall provide information for all cancer-related studies conducted by the cancer registry program. Health care facilities and providers shall report cases regardless of whether the patient is a resident of Louisiana or of where the patient was originally diagnosed and/or treated. As needed for surveillance or cancer studies, the LTR shall have remote electronic access, where available, or physical access to all medical records and related diagnostic material.

B. The LTR is mandated to conduct cancer studies and may request additional information and diagnostic material in order to carry out these studies.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2837 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2787 (December 2009), LR 39:3305 (December 2013).

§8507. Case Reporting

A. Reportable Cases. Any in situ or invasive neoplasm, as designated by the most recent edition of the *International Classification of Diseases for Oncology*, published by the World Health Organization, is considered a reportable diagnosis. In addition, benign and borderline tumors as well as other neoplasms mandated by the LTR or its funding agencies shall be considered reportable. The LTR may require the reporting of precursor lesions for special surveillance programs. Details are available at the LTR website.

B. Transmission and Format for Reporting

1. All reports are to be transmitted electronically.
2. Facilities without electronic medical records must submit hard copies.
3. The LTR will stipulate the format for reporting, the required codes, and the format for transmitting data by all hospitals, pathology laboratories, radiation centers,

physicians, nursing homes, hospices, and other licensed health care facilities and providers.

4. Diagnosis-related material shall be sent to the Louisiana Tumor Registry if requested.

C. Data Quality. Data must meet the quality standards defined by the LTR. Data submissions of unacceptable quality will be returned for correction and must be resubmitted as specified by the LTR. Adequate text must accompany all coded data items to ensure data quality.

D. Variables to be Reported

1. At a minimum, the reports from non-hospital reporting sources shall include the demographic, diagnostic, treatment, and follow-up information required by U.S. Public Law 102-151. Hospital-based reporters must use the standard variables and codes established by the North American Association of Central Cancer Registries. A complete list of data items is available on the LTR website. Additional variables may be requested as needed to carry out the full mandate of registry operations, including Louisiana-specific cancer studies and meeting the requirements of the LTR funding agencies.

E. Deadlines for Reporting

1. Hospitals must submit completed cancer abstracts within six months of diagnosis or first contact with the patient for that cancer.

2. Pathology laboratories, radiation centers, physicians, and other licensed health care facilities and providers, shall report cancer cases, as defined in §8507.A, within two months of diagnosis or of the facility's first contact with that patient for cancer.

3. Hospices and nursing homes shall identify cancer cases and provide hard copies of medical records as requested.

4. In addition, providers shall notify the LTR within one month if they diagnose any cancer patient under age 20 years old.

F. Failure to Report. If a facility fails to meet the deadline for reporting in the format specified by the Louisiana Tumor Registry or if the data are of unacceptable quality, personnel from the Louisiana Tumor Registry may enter the facility to screen and abstract the information. In such situations, the facility shall reimburse the Louisiana Tumor Registry or its contractor \$45 per case or the actual cost of screening, abstracting, coding, and editing, whichever is greater.

G. Quality Assurance

1. Staff members from the central registry, the regional registries, and national cancer surveillance programs designated by the LTR shall perform periodic quality assurance studies at all reporting facilities. These studies shall include:

a. rescreening medical records to ensure that all reportable cases have been identified;

b. reabstracting the records of patients to ensure that all data have been abstracted and coded correctly.

2. Reporting facilities shall assist LTR staff by compiling a list of cancer patients in the format required by the LTR and by obtaining the necessary medical records.

H. Follow-Up. Current follow-up, as defined in §8503, is required for all cases. Health care facilities and providers will supply this information when requested.

I. External Linkages. LTR data may be linked with external databases in order to improve the accuracy and completeness of data or for research. All linkages shall be carried out in compliance with LTR confidentiality rules.

AUTHORITY NOTE: Promulgated in accordance with R.S. 0:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2837 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2787 (December 2009), LR 39:3305 (December 2013).

§8509. Confidentiality

A. R.S. 40:1299.85 and 1299.87 of Acts 1995, No. 1197, strengthen and enforce previous legislative provisions to ensure the confidentiality of patients, health care providers, and reporting facilities. These laws protect licensed health care providers and facilities that participate in the cancer registration program from liability. They also specify the confidentiality requirements of the Louisiana Tumor Registry.

B. Louisiana Tumor Registry policies and procedures comply with the standards of the Health Insurance and Portability and Accountability Act (HIPAA). The Office of Civil Rights has determined that releases of confidential data to state-mandated cancer registries do not require patient consent, since the registries serve as public health authorities.

C. LTR Responsibilities. The president or his or her designee shall take strict measures to ensure that all case-specific information is treated as confidential and privileged. All employees, consultants, and contractors of the Louisiana Tumor Registry and of its regional offices shall sign an "Agreement to Maintain Confidentiality of Data" each year, and these agreements shall be kept on file. An employee who discloses confidential information through gross negligence or willful misconduct is subject to penalty under the law.

D. Protection of Reporting Sources. Health care providers and facilities that disclose cancer morbidity or mortality information to the Louisiana Tumor Registry or its employees in conformity with the law shall not be subject to actions for damages. Their licenses shall not be denied, suspended, or revoked for good-faith release of confidential information to the Louisiana Tumor Registry.

E. Protection of Case-Specific Data Obtained by Special Morbidity and Mortality Studies and Other Research Studies

1. Louisiana R.S. 40:3.1(A) through (H) and R.S.40:1299.87(F) state that all confidential data such as records of interviews, questionnaires, reports, statements, notes, and memoranda that are procured or prepared by employees or agents of the Office of Public Health shall be used solely for statistical, scientific and medical research purposes. This applies also to data procured by employees or agents of the Louisiana Tumor Registry or organizations, including public or private college universities acting in collaboration with the Louisiana Tumor Registry in special cancer studies.

2. No case-specific data shall be available for subpoena, nor shall they be disclosed, discoverable, or

compelled to be produced in any civil, criminal, administrative, or other proceeding, nor shall such records be deemed admissible as evidence in any civil, criminal, administrative, or other tribunal or court for any reason.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2838 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2789 (December 2009), LR 39:3306 (December 2013).

§8511. Release of Information

A. Confidentiality of Published Data

1. Reports published or presented by the Louisiana Tumor Registry shall include aggregate, not case-specific, data.

2. Information that would potentially identify a patient or a health care provider or facility shall not be disclosed, except to qualified investigators currently approved by both the LTR and the LSUHSC Institutional Review Board.

B. Diagnostic, Treatment, and Follow-Up Information. Diagnostic, treatment, and follow-up information about a patient shall be provided, if requested, to a physician or medical facility diagnosing or treating the case. Section 45 CFR 164.506 of the Health Information Portability and Accountability Act (HIPAA) allows such sharing of health information.

C. Collaboration with Federal and State Public Health Agencies and National and International Cancer Surveillance Programs.

1. The LTR is authorized to collaborate with the National Cancer Institute, the Centers for Disease Control and Prevention, and other national and international cancer surveillance programs designated by the LTR, including but not limited to the North American Association of Central Cancer Registries and the International Agency for Research on Cancer, in providing cancer data and participating in cancer studies.

2. In addition, the LTR shall work closely with the Louisiana Office of Public Health (LOPH) in investigating cancer concerns and other cancer-related issues. LOPH requests for case-specific data will require annual approval by the Institutional Review Board of the Louisiana State University Health Sciences Center-New Orleans (LSUHSC-New Orleans). In addition, the LOPH must comply with LTR confidentiality standards, and reports written for public release using Registry data must be reviewed by the Registry in advance.

3. The use of Registry data by LOPH officials, who sign an annual agreement to maintain the confidentiality of registry data, shall be considered an in-house activity and shall be processed expeditiously.

D. Requests for Case-Specific LTR Incidence Data. Case-specific data may be released to qualified persons or organizations for the purposes of cancer prevention, control, and research. Such data do not include information collected for special studies or other research projects.

1. The LTR reserves the right to prioritize its responses to data requests.

2. Requests from researchers for case-specific LTR incidence data, including data linkages, must be submitted in writing and shall be reviewed and approved by the LTR Data Release Committee following the established policies of the Louisiana Tumor Registry. A detailed description of the policies and procedures for requesting Registry data can be obtained from the LTR website. These established policies include, but are not limited to, the following requirements:

a. approval from the LSUHSC-New Orleans Institutional Review Board and compliance with the LSUHSC-New Orleans HIPAA research policy as well as approval from the researcher's Institutional Review Board and compliance with that institution's HIPAA research policy;

b. signature of the LTR "Agreement to Maintain Confidentiality of Data" by all investigators who will have access to the data, agreeing to adhere to the LTR confidentiality provisions and prohibiting the disclosure of LTR data in any civil, criminal, administrative, or other proceeding;

c. provision of a copy of the complete protocol for the project;

d. completion of all requirements listed in the document on the LTR website.;

e. notification of physician, if required, before contacting patients or their next-of-kin;

f. destruction or return of data once the research is completed.

2. LTR Data Release Committee. The research committee shall be coordinated by the director of the LTR or designee and may include, but not be limited to, the director of the LTR and a qualified LTR representative. The committee will verify that the researchers are able to execute the proposal, in terms of both financial support and professional qualifications; that the study has scientific and ethical merit; that all appropriate confidentiality protections are in place; and that appropriate consent will be obtained.

E. Requests for Aggregate Data

1. Data requested by the Louisiana Office of Public Health for responding to concerns about threats to the public health shall receive priority in determining the order of processing requests.

2. Subject to the provisions of the Louisiana Public Records Act, R.S. 44:4.1 et seq., other requests for aggregate data shall be processed in the order of their receipt. The Registry shall respond to public requests in as timely a manner as resources permit, provided that these requests meet certain requirements in conformity with R.S.40:3.1(A) and (F) and R.S.40:1299.87(F) et seq.

3. Those requesting data may be asked to reimburse the LTR for actual costs for compiling and providing data. In no event shall the LTR be obligated to perform original work to create data not currently in existence.

4. The parish (county) is the smallest geographic area for which aggregate data may be released.

F. Annual Report. A statistical report shall be prepared and made available on the LTR website.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2839 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2789 (December 2009), LR 39:3307 (December 2013).

§8513. Interstate Exchange of Data

A. Because cancer patients may be diagnosed or treated in another state, the Louisiana Tumor Registry is authorized to sign agreements with other states to acquire cancer data concerning Louisiana residents and, in return, to provide those states with cancer data relating to their residents. Each signatory state shall agree in writing to follow standard procedures to safeguard patient confidentiality and ensure data security.

B. Before the release of any confidential information to other state cancer registries, an Interstate Data Exchange Agreement shall be executed by a representative of the other state registry who is authorized to legally obligate the registry and by a representative of the Louisiana State University System.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1299.82(7).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Preventive and Public Health Services, LR 13:246 (April 1987), amended by the Louisiana State University Medical Center, Office of the Chancellor, LR 24:1298 (July 1998), amended by the LSU Health Sciences Center, Health Care Services Division, Tumor Registry, LR 30:2840 (December 2004), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2790 (December 2009), amended by LSU System, Louisiana State University Health Sciences Center, Louisiana Tumor Registry, LR 35:2789 (December 2009), LR 39:3308 (December 2013).

RULE

**Department of Natural Resources
Office of Conservation**

Records (LAC 43:XIX.107)

The Department of Natural Resources, Office of Conservation has amended LAC 43:XIX.107.B, requiring that electrical logs, when run, of all test wells, or wells drilled in search of oil, gas, sulphur and other minerals, shall be submitted electronically. In an effort to reduce the costs of handling and maintaining these records, further align office requirements for data submittal with the standard practices now common in the ordinary business practices of the regulated community while simultaneously maintaining compliance with R.S. 44:1(B), and improving public access to this data, the Office of Conservation has revised rules for LAC 43:XIX.107.B. The intent of this Rule is to minimize the cost of compliance, and agency costs to handle and store this data through the use of available technology, and to provide more efficient public access to the electric well log data via the SONRIS system. The effective date for this Rule is January 1, 2014.

Title 43

NATURAL RESOURCES

RULE

**Department of Natural Resources
Office of Conservation**

Reduction of Paperwork Required under Statewide Order
No. 29-B (LAC 43:XIX.609, 613, and 619)

The Department of Natural Resources, Office of Conservation has amended LAC 43: XIX.609, 613, and 619 in accordance with the provisions of the Administrative
