

CURRICULUM VITAE
Bilikisu “Reni” Elewonibi, PhD, MPH

Current Title: Assistant Professor
Business Address: Louisiana State University Health New Orleans
 School of Public Health
 2020 Gravier St, 3rd Floor
 New Orleans, LA 70112

Business Telephone and Fax:
Business email Address: belewo@lsuhsc.edu

Education:

University of Lagos Lagos, Nigeria	BS	2006	Biochemistry
University of Michigan Ann Arbor, Michigan	MPH	2010	Health Management and Policy
Pennsylvania State University State College, Pennsylvania	PhD	2017	Health Policy and Administration Demography

Certification:

University of Michigan Ann Arbor, Michigan	Certificate	2010	Global Health
Pennsylvania State University Administration State College, Pennsylvania	Certificate	2018	Survey Methodology

Academic, Professional, and Research Appointments:

August 2012 – July 2017	Research Assistant Health Policy and Administration Pennsylvania State University
Sept 2017 – August 2018	Postdoctoral Fellow Global Health and Population Harvard School of Public Health
Sept 2018 – August 2020	Research Associate Global Health and Population Harvard School of Public Health

September 2020 – present Program Director, Screen Up
Louisiana Comprehensive Cancer Control Program
LSUHSC-New Orleans School of Public Health

November 2020 – present Assistant Professor
Health Policy and Systems Management
LSUHSC-New Orleans School of Public Health

Membership in Professional Organizations:

2013 – 2015 Member, American Association for Cancer Research
2016 – Present Member, Population Association of America
2016 – Present Member, American Public Health Association
2020 – Present Member, Southeastern Colorectal Cancer Consortium

Awards and Honors:

2012 – 2013 Center for Integrated Healthcare Delivery Systems
Scholar, Pennsylvania State University
2013 – 2015 Susan G. Komen Breast Cancer Training Fellowship
2014 Pennsylvania State University Africana Research Center
Grant Award Recipient, Pennsylvania State University
2015 M.G. Whiting Student Indigenous Knowledge Research
Award, Pennsylvania State University
2019 American Public Health Association International Health
Section Early Career Professional
Research Award

TEACHING EXPERIENCE AND RESPONSIBILITIES

Course/Clerkship/Residency or Fellowship/CME Directorships

Continuing Education Provider Series Planning Committee Director, Screen Up
November 2020 CRC Tips & Tricks
One hour CME, CNE

November 2020 Key Steps to Improving CRC Screening
One hour CME, CNE

February & March 2021 Improving Patient Outcomes through Data: Cancer
Screening Functionality in DRVS
Two hours CME, CNE

October 2021 Developing Aims Statement
One hour CME, CNE

November 2021 Process Mapping
One hour CME, CNE

March-May 2022 Motivational Interviewing
Six hour CME, CNE

Curriculum Development/Implementation

Research Methods for Clinic Providers (3 credit hours)
Health Policy and Administration, Pennsylvania State University
May-August 2014

Summer session for clinicians in community hospital in M'bour Senegal. The course introduced research methods and its application across for providers in a clinic setting. The course examined qualitative and quantitative research approaches, experimental design, sampling, measurement, analysis, ethics in research, and research communication.

Basic Statistical Analysis in SPSS
Health Policy and Administration, Pennsylvania State University
August 2014

Summer boot camp workshop for second year student in the Master of Health Administration program. The workshop focused on how data and data analysis can be used for more effective hospital management by giving a brief summary of research methods, how to develop a research question/hypothesis and how to test it. It also covered data management and analysis basics in SPSS basics.

Formal Course Responsibilities

Course director
Health Services Administration (3 credit hours)
HSPM, SPH, LSUHSC.

2021 – Present. Required course, taught once per year.

This course is designed to provide public health and health professional students with an introduction to the skills needed to manage and lead health care and public health programs, organizations and systems with an emphasis on planning and execution. The health care delivery system will be examined broadly in order to understand contemporary issues affecting the health of the American public and the institutions that provide health services and protect health. Additionally, this course examines management functions, concepts and principles as well as the manager's role within the new and changing health care delivery systems with particular attention to the public health arena.

Guest Lecturer
Working across cultural contexts: Observations and challenges
Columbia School of Social Work. HBSE-B: Global health
April 7th 2018

Undergraduate, Medical, or Graduate Students Trained

Candidate: Allyson Farris
Candidate Institution: MPH, Epidemiology, LSUHSC
Role: Research assistant supervisor
Period: February 2021- January 2022

Candidate: Malesa Pereira, MPH
Candidate Institution: PhD, Behavioral and Community Health Sciences, LSUHSC

Role: Research assistant supervisor
 Period: February 2022- July 2022

Candidate: Michelle Lawrence, MPH
 Candidate Institution: Behavioral and Community Health Sciences, LSUHSC
 Role: Advising on components of prospectus, dissertation committee member
 Period: November 2021 – Present

Candidate: Leah Vaidya
 Candidate Institution: MS, Biostatistics, LSUHSC
 Role: Research assistant supervisor
 Period: October 2022- present

Candidate: Yaqi Zou, MS
 Candidate Institution: PhD, Biostatistics, LSUHSC
 Role: Research assistant supervisor
 Period: October 2022- present

Thesis and Dissertation Committees

Candidate: Masha Yussuf, MS
 Candidate Institution: Epidemiology and Applied Biostatics, Kilimanjaro Christian Medical University College (KCMC) Moshi, Tanzania
 Title: Trends and predictors of changes in modern contraceptive use among women aged 15 – 49 years in Tanzania from 2004 – 2016: Evidence from Tanzania Demographic and Health Surveys
 Period: May 2018- July 2019
 Role: Thesis Co-chair

Candidate: Martin Rwabilimbo, MS
 Candidate Institution: Epidemiology and Applied Biostatics, Kilimanjaro Christian Medical University College (KCMC) Moshi, Tanzania
 Title: Predictors of time to contraceptive use after birth among women 15-49 years of age in Tanzania 2015
 Period: May 2018- July 2019
 Role: Thesis Co-chair

RESEARCH AND SCHOLARSHIP

Grants and Contracts

Funded

Number: NU58DP006759-01-00
 Agency: Center for Disease Control
 Title: Organized Approaches to Increase Colorectal Cancer Screening
 Period: 06/30/2020 – 06/29/2025
 Role: PI
 Effort: 80%

Award: \$3,000,000

Number: 158131012A
 Agency: Louisiana Department of Health
 Title: Increasing Colorectal Cancer Screening Rates in Medicaid Enrollees through improved Office Practices
 Period: July 1st, 2021 – June 30, 2024
 Role: Co-Investigator (PI:Terry Birkoff)
 Effort: 10%
 Award: \$334,359

Number: 17-1794
 Agency: Willows International Foundation
 Title: Implementation and Impact evaluation of the Willows' Reproductive Health Program in Arusha, Tanzania
 Period: Sept 1st, 2017 – August 31, 2020
 Role: Co-Investigator (PI: Iqbal Shah and David Canning)
 Effort: 100%
 Award: \$6,000,000
