^After the 2023 software update release in mid-September, CNExT registries have been unable to set unknown & lymphoma primaries to complete. A new version 2.23.1.009 is set to be released soon to correct these issues. As a result those state hospital registries unable to transmit 2023 Unknown & Lymphoma primaries will have until NOVEMBER 30th 2023 to submit their COMPLETED JANUARY-APRIL 2023 cases.

*Healthcare facilities without a cancer registry whose medical records cannot be remotely accessed by the Louisiana Tumor Registry shall be exempt from this policy due to state travel restrictions and related expenses.
