

LSUHSC School of Public Health

Student Code of Conduct

Per [Chancellor's Memorandum 56](#), students are responsible for complying with all policies/procedures, rules and regulations and other information published by the Health Sciences Center. In addition, students are expected to abide by all federal, state and local laws.

Students are expected to:

- Exhibit the highest standard of personal, academic professional and ethical behavior.
- Treat faculty, staff, peers, clients, patients, and others with dignity and respect.
- Abide by the Code of Conduct that applies to their specific professional discipline.

As a student in the LSUHSC School of Public Health, I will abide by

The LSUHSC School of Public Health Professional Standards:

1. Demonstrate respect for all people.
2. Acknowledge and accept constructive criticism.
3. Deal responsibly and civilly with conflict.

The LSUHSC School of Public Health Academic Standards:

Honestly and accurately represent academic actions and course work at all times and never engage in plagiarism, cheating, fabrication, academic theft or forgery, resubmission of work, bribery, unfair conduct, or facilitating academic dishonesty.*

Failure to meet these standards subjects me as a LSUHSC School of Public Health student to disciplinary action and is cause for review by the Associate Dean for Academic Affairs. Egregious disregard for these standards is cause for dismissal by the Associate Dean for Academic Affairs.

I have read and understand this code of conduct and promise to abide by it.

Student's Full Name (print)

Student's Signature

Date

**Definitions or clarification of the academic standards terminology used in the section above can be found in the LSUHSC Student Handbook or provided by the course instructor in which the work is being submitted. Questions regarding material submitted outside of a specific course (i.e. journal article, poster, abstract) should be submitted to the student's advisor or the Associate Dean for Academic Affairs.*
